

5- DRAFT appendix two: Safety infrastructure and safety camera supporting information

Priority areas for investigation for supporting safety infrastructure

The following draft list of locations are early priority areas for investigation for safety infrastructure near schools, such as raised pedestrian crossings.

No locations are confirmed. There is no confirmed funding for this work and any infrastructure decisions would be subject to public feedback from separate consultations to Katoa, Ka Ora.

This is not an exhaustive list and other locations may be added as needed, feasible and funded.
