Authorised crossing application

Please refer to our limited access road webpage for guidance on how to write your proposal.

Proposal for:	New Crossing	Extension/Widening	Relocation
Type:	Vehicle	Stock	
Land use:	Residential	Commercial	Rural

Proposal Details:

Background:

Authorised crossing application

Alternatives:

Safety and operation:

Consent number and consent status (if applicable):

Note: If your proposal requires subdivision consent, please apply to AT for an authorised crossing when you apply for subdivision consent with Auckland Council. Although if subdivision consent has already been lodged, please supply consent number and consent status.

Position of crossing – Applicants must provide all the information below:

- A drawing will need to be attached to this application. The drawing must show the proposed access location, any other access locations within 30 metres of the proposed access (including access points on the opposite side of the road), along with sufficient property information to locate the proposed access on a map. Do not show this information on an aerial photo.
- Documents related to a proposed subdivision, if applicable.
