

Travelwise (PMI) Plus Minus Interesting Chart

Social Sciences / English

Suitable Level 2, 3, 4 – Guided / Independent / Shared

WALT:

Identify the advantages and disadvantages of using a mode of transport.
Evaluate which mode(s) of transport are the most active, sustainable, cost-efficient and environmentally friendly.

Definition

The **Plus Minus Interesting** chart is designed to help you explore an issue of interest, think about the advantages (good things) and disadvantages (bad things) and compare, contrast and evaluate that topic.

Activity – Travelwise PMI

Create your own Plus Minus and Interesting Chart like the one shown below.

PLUS	MINUS	INTERESTING
Example Topic: Train		
Carries a lot of people (passengers).	If the carriage is full, people have to stand up.	The word Train comes from a French verb which means to draw or drag.

Part 1

Choose a form of transport from the list below and apply it to the chart:

- Car Walk
- Bus Bicycle

Part 2

Choose one of the topics below to compare and contrast:

- driving verses walking
- walking verses riding a bike
- car verses using a bus / train
- family car verses carpooling with friends
- petrol cars verses electric cars

Extension

Choose another topic and have another go!
