February 2026

## Key highlights

We're completing finishing touches at the **Apirana Ave/Merton/Line/Pt England roundabout**.

We're set to complete **resurfacing on Merton Road** between the Merton/Morrin roundabout and the Merton/Apirana roundabout by end of February.

**Free, beginner friendly cycling workshops** for adults and children between March and July!

Minor works will continue to happen **overnight or over the Easter break** to minimise disruption.

## Completed

### **Upgrading the Apirana Avenue, Merton Road, Line Road and Pt England Road roundabout.**

Upgrading this roundabout provides pedestrians and cyclists safe crossing points and better connections to the Glen Innes Town Centre and Train Station.

#### **Completed works include:**

- New zebra crossings installed on Line Road.
- Raised crossing installed at Apirana Avenue for cyclists and pedestrians.
- New cycleway installed to connect the previously constructed Merton East cycleway, Pt England cycleway, and Apirana Ave cycleway.
- Footpath, kerb and channel upgrades completed to keep the road in a good condition.

## In progress

### **Apirana Avenue, Merton Road, Line Road and Pt England Road roundabout**

We're completing final touches such as painting road markings and installing lights.

While you might still see some of our crew completing the remaining minor roundabout works, day time traffic movement at this roundabout has returned to normal.

### **Overnight resurfacing on Merton Road, between the Merton/Morrin roundabout & Merton/Apirana roundabout**

The resurfacing works are part of our routine road maintenance to keep the road safe and comfortable to drive on. We expect to complete this by 26 February (weather dependant).

## Want to try cycling?

From March to June, you can try range of beginner friendly workshops for adults and children. These include learn to ride sessions, easy group rides, and simple bike maintenance workshops to help keep your bike safe and ready to ride.

All sessions are supportive, relaxed, and designed to suit different ages and experience levels.

Find about more about free, local sessions here:

## Upcoming works

- Repair to the Line Road and Taniwha Street roundabout and Bradley Lane kerbs over the **Easter break** to minimise disruption.
- Road marking and coloured surfacing finalisation near Merton Road and Apirana Avenue. These works are planned to be done **between March and May 2026.**
