

MAIN HIGHLIGHTS OF THIS ROUTE:

1 TAUMANU RESERVE

A lovely open space to wander, picnic, or have a swim. Opened in 2015, this is the first significant access to the Onehunga foreshore since the 1970's.

2 ONEHUNGA MALL & TRAIN STATION

Onehunga town centre has a rich history and is a hub of interesting shops and cafés. If you're exploring from further afield, bring your bike in by train.

4 OLD MĀNGERE BRIDGE

The old bridge is now a promenade for walking and cycling, and a favourite local fishing spot. It is particularly pretty at sunset.

5 MĀNGERE BRIDGE VILLAGE

Whether you are looking for picnic fare, take-aways or good coffee, pop over to the village to refuel.

6 AMBURY FARM

Ambury is a regional park and working farm, with cattle, sheep, goats, chickens, kunekune pigs and horses. The area also has many archeologically significant sites.

7 TE PANE O MATAHO - MĀNGERE MOUNTAIN

One of the best preserved of Auckland's many volcanic cones. The volcano erupted about 18,000 years ago. The mountain is a place for solitude, recreation and exploration.

11 ŌTUATAUA STONEFIELDS

This is one of the city's last volcanic areas where you can see the large-scale stonework and earthwork remains that show how people once lived and worked. The 100-hectare area was established to protect and preserve the archaeological remains of the communities that thrived on this land for hundreds of years. It is rich in bird life and diverse vegetation.
