Project Integration Technologies

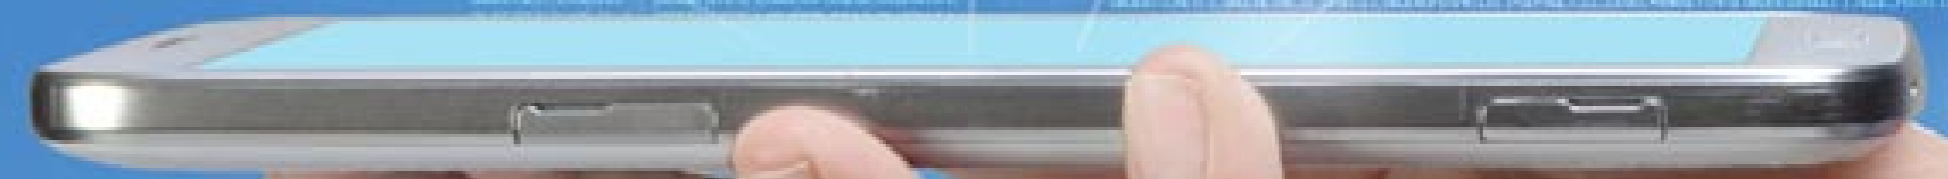

Vidsys Benefits

- Increased Situational Awareness and Public Safety
- Integrate and unify disparate subsystems
- Collect, analyze, correlate, filter, and present data as meaningful and actionable information in real-time
- Single user interface
- True Situation Management - resolve issues quickly and efficiently, with consistency
- Audit, report and implement best practices
- Scalable, flexible and rapidly deployable
- Coordination with numerous stakeholders (people, processes and technologies)

Additional Major Events

Super Bowl LI Houston, Texas

OBJECTIVES

- Monitoring of public space for suspicious and criminal activity
- Integrate disparate video and sensor technologies from multiple stakeholders
- Sharing of data for situation awareness and incident response

CHALLENGES

- Common operating platform for consistent management and coordination of first responders and public safety resources
- Shared access and view of assets and resources across multiple stakeholder agencies
- Digitizing response plans concept of operations manuals

VIDSYS SOLUTIONS/RESULTS

- Intelligent system for interoperability between physical security devices
- Better collaboration and response capabilities with first responders
- Platform for future growth and technology refresh
- Reduced training costs and increased operational efficiency

YAS Island F1 Abu Dhabi Grand Prix

YAS Island is home to YAS Marina Circuit, the official host of the world famous FORMULA 1 ETIHAD AIRWAYS ABU DHABI GRAND PRIX™. YAS Island offers seven hotels (3 to 5 stars), all featuring numerous gourmet restaurants and entertainment venues as well as YAS Mall. The F1 Championship was held at the YAS Marina Circuit in 2010.

OBJECTIVES

- Secure YAS Island including seven hotels and over 1300 cameras.

VIDSYS SOLUTIONS/RESULTS

- In support of the Abu Dhabi National Emergency and Crisis Management Authority and Abu Dhabi Police.
