REGиональный план общественного транспорта* 2018-2028

* Это только краткий обзор. Чтобы прочитать полный вариант Аккент Регионального плана общественного транспорта и оставить свои комментарии, посетите AT.govt.nz/rptp
WHAT IS THE RPTP AND WHY DO WE NEED IT?

The Regional Public Transport Plan (RPTP) is a requirement of the Land Transport Management Act. It sets out the changes to Auckland’s public transport system for a 10-year period. This document is a summary of the RPTP; for the full draft plan visit [www.govt.nz/rptp](http://www.govt.nz/rptp).

Transport is a key component of a city’s success. Auckland is growing and as more people live and visit here, the number of trips taken on our transport networks is increasing.

The space available for transport networks is finite. This means that we need as many people as possible to travel using efficient forms of transport; such as walking, cycling and public transport. These alternative transport options take less space and are more environmentally sustainable than private motor vehicles.

With less pressure on the road network there is more capacity available for critical vehicles that need the road, including road-based public transport, emergency services and freight.
The RPTP focuses on the planned public transport services and policies that guide the planning and operation of AT’s network.

Regional Public Transport Plan describes the services that are integral to Auckland’s public transport network for a 10-year period and is reviewed every three years.

Regional Land Transport Plan sets out the programme of transport improvements for Auckland for a 10-year period.

Auckland Regional Land Transport Plan is consistent with the new Government Policy Statement on Land Transport (2018) and the Auckland Plan 2050, as well as AT’s Statement of Intent (2018-21).

60% OF PEOPLE WHO MADE SUBMISSIONS TO OUR RECENT REGIONAL LAND TRANSPORT PLAN SAID IT IS IMPORTANT TO INVEST IN PUBLIC TRANSPORT.
In line with the 2015 RPTP, we've redesigned the public transport network to provide better customer service and delivered key changes including:

- New network with simpler, more frequent and better connected services.
- A fairer fare system, based around zones, supported by the smart AT HOP card, meaning customers are no longer penalised for transfers.
- New double decker buses across the network.
- New, improved wayfinding around major hubs; more real-time information displays and consistent bus branding.
- Parnell Station, Panmure Interchange, Ōtāhuhu Interchange and Manukau Interchange; with the interchanges incorporating Te Aranga Principles.
- Upgraded Pukekohe Station.
- New electric bus and train fleet with unaided accessible boarding.
- Built a new ferry terminal at Half Moon Bay and improved the Downtown Ferry Terminal.
- Created 52 new operator contracts, which have dramatically increased service kilometres and capacity.

Plus, we’ve started work on City Rail Link and Light Rail Transit projects.

Increased Customer Satisfaction

### Combined all public transport modes

<table>

Customer satisfaction has increased across the public transport network since 2014.
INCREASED PUBLIC TRANSPORT USE

Over a decade of investment in the public transport system, has resulted in a rapid increase in public transport boardings* from 79 million in June 2015 to 92 million in June 2018. Customer satisfaction has also increased from 84% to 91% during this period.

This increase in patronage reflects the major investment AT has made over the past few years, through Central and Local Government. It also reflects AT’s focus on improving the frequency, reliability and improved overall customer experience. Together, rapid and frequent services accounted for 90% increase in passengers over this period.

* When a person travels to their destination they may need to change modes of public transport or change to another service. Each time they change this is counted as a separate “boarding”, e.g Sally travels from her home in Sandringham to work in Mt Wellington, to do this she catches a bus and then a train and then another bus. Sally’s journey is made up of three boardings.
The public transport network is now in a strong position to absorb future demand and shape Auckland’s future growth; however there are a number of challenges:

• Increasing the public transport system’s contribution to overall travel
• Enabling safe, convenient customer access to public transport (in the first and last legs of a journey)
• Keeping pace with demand and providing capacity for customers
• Meeting unreliable customer travel times
• Achieving value for money for customers and funders
• Meeting the needs of diverse customers, including the transport disadvantaged
• Making the overall network sustainable
• Using innovation
• Serving customers in new growth areas
• Serving areas of low demand
• Creating safer streets.
OUR VISION FOR PUBLIC TRANSPORT

WE WANT TO PROVIDE AUCKLAND WITH SEAMLESS END-TO-END CUSTOMER JOURNEYS THAT ARE SAFE, ACCESSIBLE AND RELIABLE.

THIS PLAN SETS OUT HOW AT PROPOSES TO MEET THE CHALLENGES FOR THE NEXT 10 YEARS. CUSTOMERS ARE THE CENTRE OF OUR PLAN, UNDERPINNED BY FOUR FOCUS AREAS.

CUSTOMER

FOCUS AREA 1
Expanding and enhancing rapid and frequent networks
- more major improvements
- faster and more reliable travel
- more bus priority to reduce congestion.

FOCUS AREA 2
Improving customer access to public transport
- more signs and customer information
- safer walking and cycling connections
- better park and ride facilities.

FOCUS AREA 3
Improving Māori responsiveness
- PT announcements and signs in te reo Māori
- apply Te Aranga Principles to design
- employ Māori and procure local talent in transport projects.

FOCUS AREA 4
Harnessing emerging technologies
- analyse more data to inform how we provide services
- easier payment options
- easier journey planning and more app capabilities.
### WHAT WE’RE DOING OVER THE NEXT THREE YEARS?

**HIGHLIGHTS FROM THE RPTP**

After the rapid changes since 2015, the next few years represent a period of consolidation. Construction of the four main rapid transit network projects is well underway. Within the four focus areas, we are implementing a range of exciting initiatives that will continue to enhance customer experience. These are outlined in the table.

<table>
<thead>
<tr>
<th>FOCUS AREA 1: EXPANDING AND ENHANCING RAPID AND FREQUENT NETWORKS</th>
</tr>
</thead>
<tbody>
<tr>
<td>Planning an enhanced rapid transit network through four main city-shaping projects to dramatically increase the speed and coverage of the rapid transit network:</td>
</tr>
<tr>
<td>• City Rail Link</td>
</tr>
<tr>
<td>• City to Mangere Light Rail and Northwest Light Rail</td>
</tr>
<tr>
<td>• SH20B upgrade and Puhinui Interchange</td>
</tr>
<tr>
<td>• Eastern Busway.</td>
</tr>
<tr>
<td>Implementing improvements on key arterial routes to move more people. This will include bus priority, safety improvements and cycling and walking facilities.</td>
</tr>
<tr>
<td>Increasing services on the rapid and frequent networks, with the aim to have services every 10 minutes during peak travel times.</td>
</tr>
<tr>
<td>Using the rapid and frequent networks to help make great public spaces.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>FOCUS AREA 2: IMPROVING CUSTOMER ACCESS TO PUBLIC TRANSPORT</th>
</tr>
</thead>
<tbody>
<tr>
<td>Continuing to deliver improved wayfinding sign systems across the public transport network to make it easier for people to find their way across the network.</td>
</tr>
<tr>
<td>Increasing and improving the walking and cycling and other choices for access to public transport services, focussing on improving safety.</td>
</tr>
<tr>
<td>Changing park and ride facilities to meet public demand.</td>
</tr>
</tbody>
</table>
FOCUS AREA 3: IMPROVING MĀORI RESPONSIVENESS

Partnering with mana whenuā to trial services such as on-demand ride share connecting to marae, which are hard to access by conventional public transport.

Ensuring te reo Māori audio announcements and signs for rapid transit stations (train and busway) and extending this across all public transport.

Applying Te Aranga Principles when designing major interchanges and stations, with future potential to apply in the planning and design of the Light Rail Transit projects, Puhinui upgrade and stormwater management.

Securing opportunities for Māori and local community employment, training and business development when constructing major public transport projects.

FOCUS AREA 4: HARNESSING EMERGING TECHNOLOGIES

Improving customer insights and data, and undertaking more thorough analytics of travel data to directly inform service improvements.

Continuing to evolve AT mobile apps to meet increasing customer needs.

Providing simpler and improved payment options for fares to make travel easier.

Using new transport modes generated by new digital technology to supplement and complement existing services, increasing access.

Ensuring we future proof for mobility-as-a-service models, which will change how people make travel choices.

In addition to the four focus areas we are also working to deliver:

**Improvements to ferry services**

This includes:
- increased services on some routes to meet growing demand
- improved timetable and fare integration between ferries and bus/train services to facilitate transfers
- Downtown Ferry Terminal upgrade
- planning options for the future evolution of the ferry system.

**A low carbon transport future**

This includes:
- completing electrification of the rail network by 2024/25
- continuing low emissions bus trials and moving to purchase only zero emission buses from 2025
- investigating low emission ferries.

For more details on what we’re doing over the next three years, read the full draft Auckland Regional Public Transport Plan on our website at at.govt.nz/rptp
HOW WILL WE FUND PUBLIC TRANSPORT?

WE HAVE PLANNED TO SPEND $28 BILLION ON PUBLIC TRANSPORT OVER THE NEXT 10 YEARS. AROUND $17 BILLION WILL BE SPENT ON CAPITAL AND IT WILL TAKE $11 BILLION TO PAY FOR OPERATING COSTS AND TO RENEW OUR ASSETS.

Funding comes from several sources including central Government, fares and the new regional fuel tax (RFT).

Auckland’s public transport network will cost around $28 BILLION over the next decade. $1.5 BILLION from regional fuel taxes will help fund these key projects.

- **Improved bus network across Auckland**
  - more bus lanes
  - T2 and T3 transit lanes
  - signal pre-emption to increase overall speed and reliability of buses
  - new busway station at Rosedale.

- **Better city centre bus infrastructure**
  - more bus interchanges in Downtown
  - improved bus services along Wellesley Street.

- **Better access to Auckland Airport**
  - improved bus services from New Lynn, Mt Roskill, Onehunga and Botany to the airport
  - new bus/rail interchange at Puhinui.

- **Eastern Busway**
  - urban busway between Panmure and Botany
  - bus stations at Pakuranga and Botany
  - park and ride facilities at some bus stations.

- **Improved train network**
  - 20 more electric trains
  - new maintenance and storage facilities
  - City Rail Link.

- **Improved ferry network**
  - upgrade Downtown Ferry Terminal to hold more ferries and improve customer experience.

- **Extra park and ride facilities in areas with little or no feeder buses**
  - 1900 new parking spaces across Auckland.

- **Light rail**
  - a new mode of travel
  - city to Mangere line
  - city to Northwest line.
**DID YOU KNOW THAT OVER HALF YOUR TRIP IS SUBSIDISED?**

- 27% of a trip on public transport is funded by Auckland Council.
- 27% of a trip on public transport is funded by NZTA.
- 46% of a trip comes from Farebox revenue, that’s what a customer pays to travel on a bus, train or ferry.

**AT’s INVESTMENT IN BUS SERVICES**

<table>
<thead>
<tr>
<th></th>
<th>2016</th>
<th>2018</th>
</tr>
</thead>
<tbody>
<tr>
<td>Number of buses operating in peak times</td>
<td>998</td>
<td>1152</td>
</tr>
<tr>
<td>Number of kilometres travelled</td>
<td>44 million</td>
<td>59 million</td>
</tr>
<tr>
<td>Dollars spent</td>
<td>$257 million</td>
<td>$280 million*</td>
</tr>
</tbody>
</table>

* (subject to final cost of new network on Waiheke Island)
HOW WILL WE MEASURE SUCCESS?

We’ll monitor our performance against a range of measures including:

- boardings per annum across all public transport modes (bus, train and ferry)
- proximity of the population to public transport services
- AT HOP card and AT app use
- Farebox Recovery ratio and cost per customer
- service reliability and punctuality
- customer satisfaction
- increased public transport patronage.
TALK TO US AT
A DROP-IN SESSION!

IF YOU HAVE ANY QUESTIONS ABOUT OUR PLAN FOR PUBLIC TRANSPORT,
COME AND TALK TO US.

TUESDAY 27 NOVEMBER:
4.30-6.30pm,
Takapuna War Memorial Hall, 7 The Strand, Takapuna.

SATURDAY 1 DECEMBER:
10am-12pm,
Manurewa Library, 7 Hill Road, Manurewa.

WEDNESDAY 5 DECEMBER:
5-7pm,
New Lynn Community Centre main hall, 45 Totara Avenue, New Lynn.

SATURDAY 8 DECEMBER:
10am-12pm,
Ellen Melville Centre, Betty Wark Room, 2 Freyberg Place, Auckland Central.

Public feedback is open until Friday 14 December 2018.
When public consultation for the draft RPTP is complete, we will incorporate changes and publish the final version in early 2019. The RPTP will give AT a clear roadmap to follow for the next three years and will help make sure we focus on our customers.

THE RPTP IS AT’S PUBLIC TRANSPORT VISION AND PLAN. THERE ARE A WIDE RANGE OF EXCITING THINGS COMING TO AUCKLAND, AS WE STRIVE TO MAKE OUR INTEGRATED PUBLIC TRANSPORT NETWORK READY TO MEET THE CONTINUING POPULATION GROWTH AND CHANGING NEEDS OF AUCKLANDERS.
What do you think about our plan?
We’re keen to hear what you think about our draft Regional Public Transport Plan for 2018-2028. You can read and download the full plan from at.govt.nz/rptp

How do I provide feedback
• Go online to AT.govt.nz/haveyoursay and fill in the online survey
• Complete the freepost feedback form on the next page.

If you have difficulty completing the forms, you can call us on (09) 355 3553 and our contact centre staff will fill in the feedback form with you over the phone.

What will we do with your feedback?
After the public consultation period closes, we will consider all feedback and use it to refine the plan.
We will publish the final RPTP on our website in early 2019. If you provide your contact details when you give us feedback, we will notify you when the plan is available.

Personal information
Name
Business/organisation
Street address
Suburb
Post code
Email
Phone

Providing personal details is optional. Providing your postal or email address ensures that we can contact you with updates to the project.
PRIVACY: AT is committed to protecting our customers’ personal information.

1. What do you think of our approach to the four main focus areas?

FOCUS AREA 1: Expanding and enhancing rapid and frequent networks

FOCUS AREA 2: Improving customer access to public transport

FOCUS AREA 3: Improving Māori responsiveness

FOCUS AREA 4: Harnessing emerging technologies
2. What other factors do you think we should consider for the activities listed under each focus area?

3. Do you have any other comments about the draft RPTP?

4. What best describes your interest in this plan? (PLEASE TICK ALL THAT APPLY)
   - I use public transport to travel to/from work
   - I use public transport to travel to/from school/tertiary institute
   - I use public transport in the week
   - I use public transport in the weekends
   - I never use public transport
   - I occasionally use public transport (LESS THAN ONCE A WEEK)
   - Other (PLEASE SPECIFY)

5. How did you hear about this plan? (PLEASE TICK ALL THAT APPLY)
   - Information posted / emailed to me
   - Auckland Transport website
   - News article (PAPER OR ONLINE)
   - Newspaper advertisement
   - Blog e.g. Bike Auckland, Greater Auckland
   - Social media e.g. Facebook, Neighbourly
   - Word of mouth
   - Other (PLEASE SPECIFY)

Please note: this information is for statistics purposes only, and does not affect your feedback.
