Have your say on proposed changes to Waiheke bus services

Feedback is open 19 March to 20 April 2018

Moving to a new bus network for Waiheke

Auckland Transport is proposing changes to the routes and timetables for Waiheke public bus services.

Why the proposed changes?

- Patronage on Waiheke buses has been steadily growing, by up to 15% year on year
- Waiheke locals have been asking for improvements to routes and timetables and for buses to run more often
- We want to make the route patterns and timetables simpler (with fewer variations) and easier to understand
- While there are fewer routes than currently, each of the new routes will operate consistently all day, 7 days a week
- Better timings to meet the Matiatia ferry have been requested as well as a more direct route to Matiatia from Rocky Bay
- There have also been requests for a bus service to meet the Kennedy Point ferry

A new contract is being negotiated between Auckland Transport and Waiheke Bus Company. This will give us the opportunity to make bus route and timetable changes at the same time.

These proposals are designed to create an improved service for the island. However, we recognise that some customers may be disadvantaged by the changes.

Your feedback is important

This survey is about bus routes and timetables. They have been developed in discussion with the Local Board and the Waiheke Bus Company.

We are still at the proposal stage so your feedback is critical to help us make the best decisions. Fares and passes are not included in the survey. No changes to Waiheke school bus services are proposed.

How to give us your views

- Look at the proposed new bus routes and timetables. These include the ferry arrivals and departures for Matiatia and Kennedy Point
- Fill in the feedback form at the back of the brochure or complete it online at www.AT.govt.nz/newnetworkwaiheke

People who are blind, have low vision or have difficulty filling out forms due to a disability, can call **(09) 366 6400** and we will complete the form on their behalf.

If you need more copies of the brochure, please call **(09) 366 6400** and they will be posted to you.

What is being proposed?

For the purposes of consultation, the routes have been given letters and final route numbers will be determined post-consultation. Because of the importance of connecting to the ferry, we propose that all buses go to Matiatia, with improved connections for routes A, B and D.

We propose the following routes (see the map for more details):

Route A - Onetangi, Ostend, Surfdale, Oneroa, Matiatia

This new route runs every 30 minutes, 7 days a week. In Onetangi it no longer goes up Waiheke Rd, due to limited patronage. There have been requests to remove the service along The Strand but we are looking at this as well as two alternatives. See Q10 on the feedback form.

Route B - Ostend, Palm Beach, Oneroa, Matiatia

This route runs every 30 minutes, 7 days a week, providing a service from Palm Beach to the ferry and to Ostend.

Route C - Kennedy Point, Jellicoe Parade, Pacific Parade, Oneroa, Matiatia

In response to requests for a new service, this bus meets every Kennedy Point ferry 7 days a week. It is not timed to meet every Matiatia ferry but does provide a service to this terminal, retaining the service along Pacific and Jellicoe Parades. We will investigate providing bus stops along Pacific Parade and Donald Bruce Rd.

Route D - Rocky Bay, Surfdale, Blackpool, Oneroa, Matiatia

This route provides a service for both Rocky Bay and Blackpool. It runs every 30 minutes at peak times but hourly off-peak and at weekends due to limited patronage. However, the route to Matiatia is more direct for Rocky Bay customers.

Questions on specific routes:

10. Route A: Terminating the journey at Onetangi

The Strand is congested and there are concerns with the bus reversing at Seventh Ave. We would like to avoid these issues and so are looking at three options:

- 1 Retain the current turn around at Seventh Ave, despite the congestion and reversing issues
- 2 When coming into Onetangi, turn right onto Waiheke Rd, left onto Third Ave, left onto The Strand and left onto Fourth Ave to use the current east-side bus stop as the terminus
- 3 Developing a bus terminus on the current parking area on Fourth Avenue

Which of these three options do you prefer? (TICK ONE ONLY)

- Option 1
- Option 2
- Option 3
- None of these options
