

PUHINUI ROAD AND LAMBIE DRIVE IMPROVEMENTS

Auckland Transport is proposing changes to on-street parking along Puhinui Road and Lambie Drive to allow for new bus priority lanes between the airport, Puhinui Station Interchange and Manukau.

We are proposing bus priority lanes that operate in both directions during peak hours, between 6am - 10am and 3pm - 7pm, Monday to Friday. This means most on-street parking spaces will be unavailable during peak hours. Outside of these times, there will be additional on-street parking, as a result of changes to the road layout and line-marking.

There are a number of existing time-restricted parking spaces on Puhinui Road (between Clendon Avenue and Plunket Avenue) that will be retained for people visiting local shops.
