

AMETI

Panmure Station Upgrade

The Panmure Station upgrade has made significant progress in the last six months as AMETI Phase One continues to take shape in Panmure. The work is part of major improvements being delivered in the Eastern suburbs with the aim to provide better transport options for residents and commuters.

Construction completed:

- New Mountain Road bridge
- Realignment of Mountain Road
- New busway bridge
- Ellerslie-Panmure Highway traffic shifted on to busway bridge
- Ellerslie-Panmure Highway bridge demolished

Current construction:

- New Panmure Station building
- New local road above road tunnel for easy interchange with trains
- Earthworks under way for new 1.5 km AMETI link road, to allow a direct link between Mt Wellington and Glen Innes
- Improvements to Van Damm’s reserve
- New Ellerslie-Panmure Highway Bridge due to open in August
