

13 December 2023

We need to do some work in your neighbourhood

Kia ora,

Great North Road Improvements

Auckland Transport and its contractor JFC Limited are making good progress on the preparatory works for the Great North Road Improvements project.

Where	Intersection of Great North Road and Bond Street
When (start date)	Wednesday 3 January 2024 – Thursday 4 January 2024 Or Sunday 7 January 2023 – Monday 8 January 2024
Hours of work	Night works: 7pm – 5am
For (duration)	Approximately 2 nights

The work we're doing

To prepare for the upgrade of the intersection of Great North Road and Bond Street, new ducting for streetlights and traffic lights will be installed. Due to the nature of the work in the intersection, this must be undertaken at night. In order to minimise disruption to local residents, this work has been planned for a time when many people leave the city for the holidays. We will attempt to complete the noisiest work before 10:00pm and sound mats will also be used to minimise noise.

Factors such as weather can affect the start or progress of work. If for any reason we are unable to complete the work on 3 – 4 January 2024, we will complete it on 7 – 8 January 2024.

Traffic management:

- The intersection of Bond Street and Great North Road will be closed and detours will be in place (see map over page for details).
- The intersection will be reopened at the end of each night shift.
- Great North Road will be reduced to one lane of traffic each way around our worksite. Access to businesses and homes will be maintained.
- There will be no parking on one side of Commercial Road, Cooper Street and Seddon Street to assist detour routes on narrow roads. Some street parking within our worksite will be temporarily lost. You may need to park on your property or further down the road and walk to your property. The no parking areas will be clearly marked.
- Traffic controllers will assist residents to access their properties as needed.

Contact Us

If you have any queries or concerns about these project works, please contact AT through the details below:
