

Travelwise Tree

Students across Auckland are encouraged to get Travelwise by walking to school!

The Travelwise Tree is a whole school or classroom project.

When children walk to school, they get to put a leaf on the tree with their name on it.

Over the week the tree grows as students start walking to school more frequently.

By simply picking leaves off the tree, you can recognise students for being active.

The Kit comes complete with:

- A bare tree painted on canvas – ready to hang
- A set of leaves, enough for the whole school or classroom to participate
- Incentives for spot prizes

To participate in the Travelwise Tree, your school will need:

- A prominent display space
- Blue Tack

.....

For bookings, further information and assistance to get started, please contact your Community Transport Coordinator.
