

Master List of Public Sites for Election Signs

This list has been colour-coded to indicate whether sites are on the road or are on parks or a combination of both roads and parks. It is very important to note that Local Boards have limited their approval of the erection of election signs on their local parks to the nine weeks before an election (or only four weeks in the case of the Orakei Local Board for a local government election). Election signs must not be put up in parks outside that time period and considerable care would need to be used to ensure that signs are not put up in part of a combined site that is a park (it may be safest to avoid putting up any signs in a combined site outside the nine-week period).

Note that the terms park and road here have been used for convenience rather than complete legal accuracy – for example in some cases Council-owned land may be listed as a park, but not be a reserve.
