Project Update - Improving parking on Hallberry Road, Māngere East

Kia ora,

Thank you to everyone who took the time to provide feedback on our initial proposal for parking changes on Hallberry Road.

In July 2026, we consulted with residents and property owners on a proposal to install broken yellow lines (No Stopping At All Times) along the southern side of Hallberry Road and around the cul-de-sac head.

Most people who provided feedback supported the proposed broken yellow lines around the cul-de-sac head. While there was also support for restrictions along the narrow section of the road, most of the respondents asked for these to be moved to the opposite side of the road.

In response, we have amended the design to relocate the broken yellow lines from the southern side to the northern side of Hallberry Road, to help improve access and vehicle movement along this narrow street.

Design update – what has changed

- install broken yellow no stopping lines on the northern side of Hallberry Road
- remove the no stopping restrictions previously proposed on the southern side of the road.

Because the proposal has changed, we'd like your feedback before we make a final decision. A plan showing the proposed changes is attached.

Share your thoughts by Friday, 16 October 2026

You can view the updated plan attached and share your feedback by emailing us at ATEngagement@at.govt.nz

Thank you for taking the time to provide feedback. We look forward to hearing your views on the revised proposal.
