## We're installing a pedestrian island to improve safety and accessibility on Takutai Street in Parnell

Kia ora,

We are installing a pedestrian island on Takutai Street, Parnell, to make crossing safer and more accessible near the St Stephens Avenue intersection. Improvements also include footpath widening and kerb shortening, to reduce the crossing distance. The works period commences from Thursday 14 to Friday 29 May, between 7am and 6pm.

Factors such as wet weather could mean a delayed start. If the delay is significant, we will notify you. These works are being delivered as part of the Road Safety programme. Here is what you need to know about the work happening near you:
