AUT x UOA Symonds Street Pedestrian Safety Petition

Presented by

Lewis Matheson Creed

on behalf of

Craccum Magazine and AUTSA

24th March 2025

Symonds Street Crash

- Driver going 80+ km an hour mounts pavement in the heart of the University of Auckland Campus in the middle of a working day
- Five UOA Staff and Students were injured
- Three were hospitalised, and one was put into critical care and permanently disabled.
- Dozens were near misses, and countless more were traumatised by the incident

Why Symonds Street is a high-risk crash area:

- The March 24th Crash was an extreme example but shows what happens if a speeding vehicle loses control and crashes into pedestrians on Symonds Street
- Casual Speeding is common on Symonds Street, most people drive at 50 km/hr despite the 30 km/hr legal speed limit. Inadequate signage/awareness
- Symonds Street has dense foot traffic. 80,000+ people commute through between 8-6 pm every day during the week. Use crossings regularly to get around campus between lectures.
- Aside two university campuses, there are halls of residence, apartments and other businesses operating in the area
- Symonds Street has busy vehicle traffic too. Buses, heavy/wide load vehicles port access, connections to Hospital and multiple Motorway exits and entrances.

What safety measures we want AT to install:

- **Raised Pedestrian Crossings or Speed Bumps**
- We request one is installed at **each** intersection in the 900 m section of Symonds Street between ANZAC Avenue and Whitaker Place
- We believe speed bumps in this area would force drivers to slow down and keep to the speed limit, making the area much safer

Possible safety boosting alternatives is speed bumps are not an option for Symonds Street:

- We acknowledge Symonds Street is a key arterial link for Buses, Emergency Services and Port Transport
- If speed bumps cannot be introduced in this section of road, then we request Auckland Transport please consider alternative safety enhancing options:
 - Introducing Bollards along footpaths
 - Conversion to Transit Corridor as per City Centre Masterplan
 - Partial Pedestrianisation or lowering of speed limit
 - Increased Speed Limit Signage (Smart Signs)
 - Working with NZTA to install safety cameras
 - Or other pedestrian safety alternatives not listed here

1121 Signatures Collected

- The petition has also been endorsed by:
 - The University of Auckland | Waipapa Taumata Rau
 - AUT Student Association
 - Auckland University Student Association
 - Chlöe Swarbrick - MP Auckland Central
 - Mike Lee - Waitematā & Gulf Ward Councillor
 - Shanan Halbert - Labour MP Spokesperson for Auckland Issues
 - Greater Auckland
 - Grey Lynn 2030
 - Petition covered on RNZ, NewsTalkZB and Te Waha Nui
- Craccum Magazine
- Vroom UoA
- Auckland University Women in Science
- Eastern Students Association
- Te Mana Pakihi
- University of Auckland Volleyball Club
- Princes Street Labour
- Civil & Structural Engineering Students Association
- Students of Urban Planning & Architecture Association

On behalf of the signatures and AUT & UOA's communities, thank you for considering our request!

Symonds Street Safety Petition Signatures

We, the undersigned, urge Auckland Transport to please consider the installation of new, increased and further safety measures on the section of Symonds Street that passes through The University of Auckland | Waipapa Taumata Rau and Auckland University of Technology campuses. We would like to see speed bumps or raised pedestrian crossings installed. However, in the cases where it is not possible, other safety measures should be considered, such as bollards or pedestrianisation.
