#### Practice Note 07 Appendix 1: Attachment A - Process to apply for Vehicle Crossing approval onto a vested Public Road

Auckland Council Regulatory processes are in green, Auckland Transport processes are in blue

### Your project

If RC is not required <u>and</u> is for a permitted activity <u>and</u> is for less than 10 units and AUP rules are satisfied

If is RC required: Refer to Auckland Unitary Plan for RC application under subdivision or vehicle access

#### Resource Consent

Resource Consent not required

Resource Consent Application: AC consider consent under RMA

### Outcome

Apply for Vehicle Crossing
Permit

RC approved, (usually subject to obtaining all other approvals, permits, etc e.g. EA, KD, DfS) apply for Vehicle Crossing Permit

## Your project

If EA required for vehicle crossing portion located on road reserve.

Refer to AT TDM for AT requirements.

KD & DfS may be required

# Engineering Approval

Engineering Approval
Application
Reviewed by AT & AC
consider approval under
LGA

### Outcome

EA approved by AC.
KD & DfS (if reqd)
approved by AT.
If no structures, apply for
Vehicle Crossing Permit

## Your project

If a walkway is to be constructed in road reserve

If a structure is to be on road reserve, refer to AT Encroachments Guide for definition of structure e.g. 200 mm or more high

# Encroachment Licence

Encroachment Licence
Application
AT consider approval
under Bylaw

#### Outcome

Licence approved subject to CAR and TTMP, apply for Vehicle Crossing Permit

Licence approved but subject to obtaining BC. Possibly other AT conditions/requirements

# Your project

If a street tree is affected, refer to AC Tree Owner Approval Guide for guidance and process

# Tree Owner Approval

AC consider approval under LGA

#### Outcome

Tree Owner Approval issued, apply for Vehicle Crossing Permit

Possibly other AT conditions/requirements

# Your project

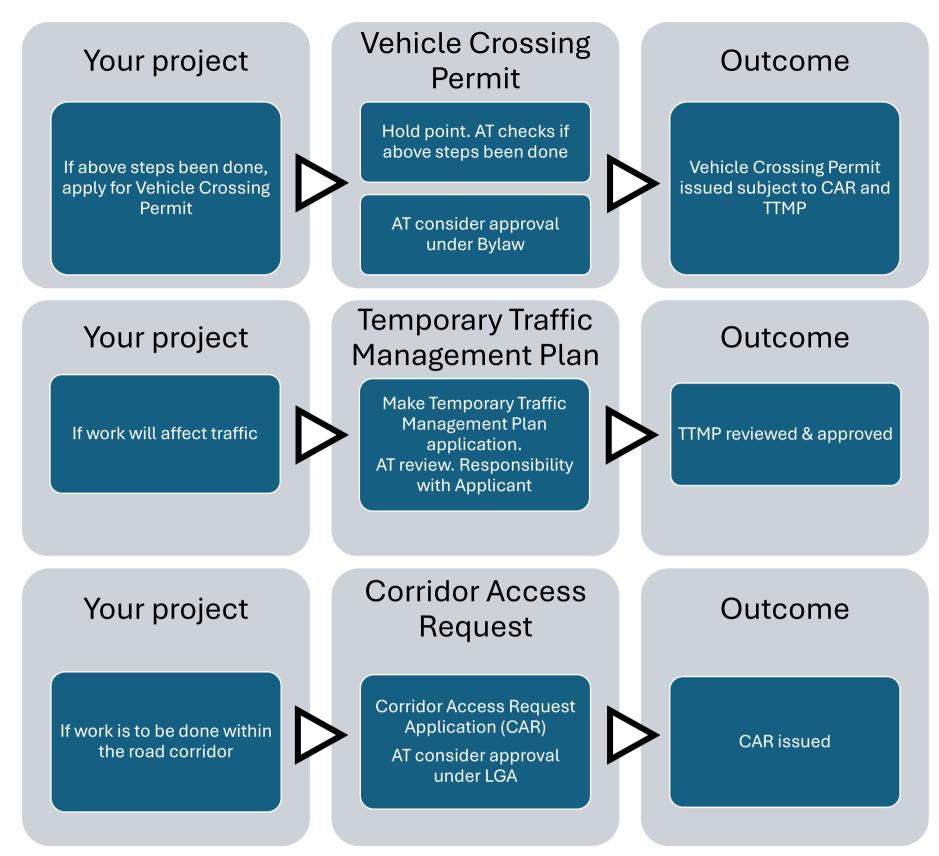

If a structure is to be on road reserve, refer to Building Act Appendices for guidance on items covered by Building Act & requiring a BC
